

GREAT PANIC

In Port Arthur Stronghold

OVER THE SUICIDE OF THE RUSSIAN COMMANDER

Kuropatkin has Escaped Naval Conflict off Port Arthur. Trouble in store for Russia over Knight Commander Incident

TROUBLE IN STORE FOR RUSSIA.

London, Aug. 8.—In the House of Commons today Premier Balfour replying to a question on the subject said that the British government adhered to its contention that there was no adequate justification for the sinking of the British steamer Knight Commander by the Vladivostok squadron.

JAPS NEARING THE FORTRESS.

Chefoo, Aug. 7.—The Japanese force which captured Wolf's Hill is now entrenched in the valley about two-thirds of a mile from the fortress at Port Arthur. A Japanese cruiser is alleged to have struck a new mine and to have sunk immediately.

The Russian cruiser Bayan has a small hole above the water line inflicted by the explosion of a mine in the harbor entrance. The Japanese have occupied Louisa by landing troops with the probable intentions of attacking the city. There has been no important fighting in the vicinity of Port Arthur since July 28th. Russian artillery continues to harass the Japanese who are attempting to advance their trenches. Viceroy Alexieff and General Kuropatkin were yesterday in Liao Yang.

KUROPATKIN HAS ESCAPED.

Tokio, Aug. 8.—General Kuropatkin's success in extricating his army from the Liao Yang peninsula without disaster has elicited much praise from the Japanese. The concentrating of his army at Kai Chou at one time seemed certain to involve it in disaster. It was popularly believed that a decisive battle would either be fought at Ta Tche Kiao or at Kio Ching. It is considered here that Kuropatkin sacrificed his prestige by abandoning an immense territory without a battle. He was forced to abandon or destroy valuable stores and munitions of war when transport action was almost the most serious problem to the Russians. He also impaired the morale of the army, but he preserved his men and guns.

PANIC IN PORT ARTHUR.

London, Aug. 9.—The Correspondent of the Morning Post at Shanghai says that it is reported there that General Sotessel, in command of the Russian military forces at Port Arthur, has committed suicide and that panic prevails at Port Arthur.

FIRING AT PORT ARTHUR.

Chefoo, Aug. 9.—The firing of heavy guns at intervals of one minute has been distinctly heard in the direction of Port Arthur since 10.30 p.m., the acoustic conditions of the atmosphere being unusually favorable.

WANT TO REMOVE THE SICK.

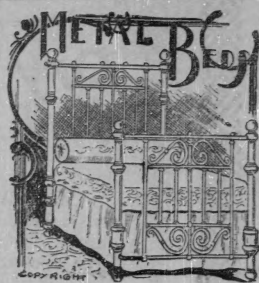

London, Aug. 9.—According to the correspondent of the Morning Post at Shanghai, it is reported that there are 10,000 sick and wounded persons at Port Arthur, and the Russians are negotiating with the Japanese to send the hospital ship Mongoli away full of sick.

WILL ATTACK LIAO YANG.

Shanghai, Aug. 9.—Marquis Oyama, commander-in-chief of the Japanese forces in Manchuria, has proceeded north and expects to attack Liao Yang on August 20th.

NAVAL CONFLICT OFF PORT ARTHUR.

St. Petersburg, Aug. 9.—Emperor Nicholas has received the following dispatch from Viceroy Alexieff, dated Mukden, Aug. 7. "Telegrams received today from Port Arthur and from the commander of the squadron, state that the cruisers Bayan, Ashold, Pallada and Novik and some gunboats steamed out of the harbor on July 26, for the purpose of bombarding the positions. They were attacked by the Japanese battleship Chiyoda, the protected cruisers Chiyoda, Itsukushima and Matsushima, and two second-class cruisers with thirty torpedo boats. An eight-inch shell from the Bayan burst in the stern of the Itsukushima, placing that ship out of action. Thereupon the Japanese ships steered for the open sea, and at the same time the Chiyoda, damaged by Russian mines, was sinking. Shot from battery 22, also damaged the Japanese gunboat. Both were rather old vessels, the Itsukushima having been built in 1891 and the Chiyoda in 1889.

War Notes

Paris, Aug. 4.—The Petit Journal reports that 20,000 Japanese troops have been landed at Yankow, the port of New Chwang, and are advancing rapidly in the direction of Liao Yang. The force marching from Yankow would take the Russians on the right flank. The suggestion that Kuropatkin may relinquish the idea of seriously defending even Liao Yang, where enormous stores must have accumulated, receives support from the St. Petersburg correspondent of Echo de Paris, who reports that large numbers of troops have evacuated Liao Yang and are retiring on Mukden, while during the past week trainloads of provisions and munitions have been dispatched daily to the latter place.

News from official and unofficial sources show that Gen. Kuropatkin is retiring north with all haste. He is fighting a stubborn guard fight, hoping to avoid being cut off before he can reach Liao Yang, but there is little hope of his putting an end to the retreat before Harbin is reached.

London, Aug. 4.—The Daily Mail has the following from New Chwang under date of August 1st: "The Russian gunboat Sivouch, which has been in the Liao river since the beginning of the war, has been deserted and blown up near Sancha and the crew with the vessel's guns, have started for Liao Yang. Two Japanese gunboats left Monday to reconnoitre the position of the Sivouch and were fired on."

New Chwang, Wednesday, Aug. 3.—(Delayed in transmission.)—The report that Hui Cheng has fallen is premature. The Russian troops have only been driven back to their inner entrenchment, which they now occupy with over 75,000 men. A detachment of 2,000 men with large supplies are leaving here for Hui Cheng where the greatest battle of the war is expected to open tomorrow.

Gen. Kuroki with 18,000 men, is now behind the Russian forces. Gen. Oku with an army of 50,000 men, is on their front, while flanking them on the left is Gen. Nodzu, with his division of 50,000 men.

If General Kuropatkin is defeated in this battle he must then move westward or surrender.

The foreign military attaches are with a second army en route for the front to witness the battle. Japanese troopships are expected here tomorrow.

The Russian troops at Port Arthur have been driven back to the last line of the defence. The Japanese attacking force has 350 guns in action.

Tokio, Aug. 4.—Twelve torpedo boat destroyers, four torpedo boats and some gunboats emerged from the harbor at Port Arthur on the night of August 1, but were driven back again by the Japanese warships on the outside.

New Chwang, Aug. 6.—Gen. Kuroki with 100,000 men, is now behind the Russian forces. Gen. Oku with an army of 50,000 men is on their front, while flanking them on the left is Gen. Nodzu with his division of 50,000 men.

If General Kuropatkin is defeated in this battle he must then move westward or surrender.

The foreign military attaches are with a second army en route for the front to witness the battle. Japanese troopships are expected here today.

The Russian troops at Port Arthur have been driven back to the last line of defense. The Japanese attacking force has 350 guns in action.

The public here is ignorant of the hour when the final assault will be made, and also of the details of the work already done around Port Arthur. It is believed that the fire from the Japanese batteries will compel the Russian fleet to leave the harbor and accept battle from Admiral Togo.

It is becoming proverbial that the Japanese infantry will go anywhere and will refuse to retire, no matter how great their losses may be.

It is believed that Port Arthur could have been taken before this time with a heavy sacrifice of life, but it is evident that the military leaders are working to effect the reduction and capture of the fortress with the minimum loss of life. There will be no charges of great masses of infantry until the artillery has finished the task of silencing the Russian guns. A story is current to the effect that the Emperor has expressed the wish that the capture shall be affected with the smallest possible sacrifice of life, hence the care and precision taken by the Japanese.

C. and E. Win Suit

Winnipeg, Aug. 5.—The cable announces that the Calgary and Edmonton railway have won their appeal in the suit to gain title to all minerals save gold and silver, in the grant of lands to the company by the Dominion government in May, 1890.

The contention of the government was that nothing having been said of minerals, they therefore came under the general regulations and were subject to crown rights. The supreme court sustained this contention. This decision is now overruled.

TUESDAY, AUGUST 9TH, 1904.

The Presidential Elections

Washington, Aug. 3.—It will require 239 electoral votes to win the presidential election this year. Will Roosevelt, the Republican standard-bearer, or Parker, the leader of the Democracy, attain the coveted number? From this time forward there will be much figuring with a basis of 239 prominent in all numerical combinations.

In 1900 the Republicans carried 30 states and rolled up 314 electoral votes for William McKinley. The Democrats were hopelessly in the rear with only fifteen states and 168 electoral votes. But it is admitted everywhere that the campaign now opening is to be a much different proposition from those of four and eight years ago.

Democrats who talk from experience and are conservative are saying quietly that Parker has a good fighting chance. Other Democrats who are more sanguine assert that Parker has an even chance with Roosevelt. Judge Parker is known to be a man of strong Americanism and of upright, honest character. He is a conservative man and not a talker. The Democrats did well in naming him, it is believed. Then they did well a second time when they placed Henry G. Davis, of West Virginia on the ticket. Davis is strong with both factions of the Democracy, and his friends predict will carry West Virginia for his ticket. In addition the naming of Thomas Taggart of Indiana, as chairman of the Democratic national committee and the leader of the campaign, is expected by leaders of the party to offset the nomination of Senator Fairbanks on the Republican national ticket, as Taggart is quite as well liked in the Hoosier state among the people who vote as is Fairbanks.

Two tables under the heading 'hope to carry' will naturally contain the same states in a few instances. The following tables will show this:

Republican forecast: California, 10; Colorado 5, Connecticut 7, Delaware 3, Idaho 3, Illinois 27, Indiana 15, Iowa 13, Nevada 3, New Hampshire 4, North Dakota 4, Ohio 25, Oregon 4, Pennsylvania 34, Rhode Island 4, South Dakota 4, Kansas 10, Maine 6, Maryland 8, Massachusetts 16, Michigan 14, Minnesota 11, Montana 3, Nebraska 8, Utah 3, Vermont 4, Washington 5, Wisconsin 13, Wyoming 3—Total 267.

Democratic forecast: Alabama 11, Arkansas 9, Connecticut 7, Florida 13, Kentucky 13, Louisiana 9, Mississippi 10, Missouri 18, New York 39, New Jersey 12, North Carolina 12, South Carolina 9, Tennessee 12, Texas 18, West Virginia 7, Wisconsin 13, Utah 3, Virginia 12—Total 255.

It will be noticed that the Republicans and Democrats both claim Indiana, Maryland, and Wisconsin, while the Republicans by no means concede New York New Jersey, Connecticut, Utah or West Virginia to the Democrats, but call them doubtful.

To discover what are the 'Stim-pure doubtful states', however, one must first place in a class by them-

selves the really Democratic states of the south, which have 154 votes. They are Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas and Virginia. The next move is to separate the reasonably sure Republican states, which have all told 203 electoral votes and are: California, Illinois, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Montana, Nebraska, New Hampshire, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Vermont, Washington and Wyoming.

The states remaining are the doubtful ones and they are:

Colorado 5, Connecticut 7, Delaware 3, Idaho 3, Indiana 15, Maryland 8, Nevada 3, New Jersey 12, New York 39, Rhode Island 4, Utah 3, West Virginia 7, Wisconsin 13—Total 122.

Judge Parker is depended upon by Democrats to carry the Empire state for his ticket. The Democrats hope for Wisconsin on account of the split of the Republicans, the two state tickets there and the poor outlook for a compromise. If New Jersey goes that way, there is high hope that Connecticut will also. Then again Gorman is given the task of delivering Maryland and Henry G. Davis is asked to send along West Virginia's 7 votes.

Settlers Pleased

Reporter:

Mr. F. A. Walker, Dominion Lands Agent, has just returned from a trip through the section of country lying to the east of Fort Saskatchewan. The object of Mr. Walker's visit was to collect information for the Dominion Immigration department regarding the progress made by foreign settlers in this district. Galician, French, German and British settlements were visited. Statements were obtained from individual settlers setting forth the amount of wealth possessed by each on coming to Canada, the length of time here, and the amount of land, stock, etc., he now owns. These narratives will be used by the agents of the government in prosecuting immigration work in various European countries. Mr. Walker found that on the whole the immigrants who have come to this part of Canada have made satisfactory progress and are contented with their lot.

No class of settlers have shown greater advancement, or are more happy and prosperous than the Galicians. They thoroughly appreciate the British freedom they enjoy in Canada and are very proud of their farms and the homes that by their patience and industry they have made for themselves. It seemed to afford them infinite satisfaction and pride to collect their cattle horses, machinery, etc., in order to be photographed.

When these people were first brought to Canada, it was freely predicted that they would not prove desirable settlers. It is gratifying to learn that they are adapting themselves to western conditions and are likely to form excellent Canadian citizens.

One evidence of their prosperity as well as of their religious devotion is the large number of substantial church buildings they are erecting. Through the courtesy of the priest in charge, a most interesting visit was paid to the large Greek church erected at Wostok. It is regrettable that the same rapid progress has not been made along educational lines. In several communities no schools have as yet been established, although they are fairly thickly settled, and the people are very anxious to learn English.

In all about 250 miles was covered by Mr. Walker's trip and the following points visited: Whitford, Andrew, Warwick, Wostok, Desjarlais, Saddle Lake and St. Paul. He reports that prospects were never better for an excellent crop. He found that there is considerable good land available in portions of the district he visited. In the vicinity of the Saddle

Innisfail Creamery

Free Lance:

The make at the creamery so far this season shows a considerable gain over the corresponding period last year, the total makes in the first three months of the summer season of 1904 being 83,092 lbs. May was a comparatively poor month this year, but there has been a steady increase ever since. The yield by months was as follows:—

	1903	1904
May	11,751	11,151
June	25,074	27,866
July	38,407	43,975

Totals

	1903	1904
May	11,751	11,151
June	25,074	27,866
July	38,407	43,975

The make by weeks for July was as follows:—

Week	Inches	Pounds
Ending	Cream	Butter
July 1	6719.3	8570
July 8	6832.5	8536
July 15	6870.3	8819
July 22	7249.3	9274
July 29	6932.7	8776

Totals

This is by long odds the greatest amount of butter ever manufactured in this creamery in one month. It is safe to say that no other creamery in the Territories will approach these figures.

CANADIAN NORTHERN

GRADING OPERATIONS

On Their Transcontinental Line West of Battleford. Splendid Progress Being Made

J. K. Cornwall has returned to Edmonton from a three weeks' trip to Battleford and other points. He spent some time at the head of Canadian Northern construction work in that vicinity.

Grading operations are now in full blast at a point fifty miles west of Battleford. Within three weeks over nine hundred teams will be put to work between the Vermilion and Battleford. The contractors are pushing the work with all dispatch and will undoubtedly finish the grading to beyond the Vermilion this fall. Fort Pitt is now being made the base of operations for supplies. This point is 200 miles east of Edmonton.

The temporary bridge over the Saskatchewan at Clarke's Crossing is practically completed. This temporary structure has been erected so as to make it possible to lay the steel beyond the South Saskatchewan without waiting for the construction of the permanent bridge. The line runs from Clarke's Crossing to the Big Bend of the North Saskatchewan river where it crosses to the north side on another temporary bridge. These temporary bridges will be sufficiently strong to allow of the passage of construction and steel-laying trains. The railway again crosses back to the south side of the river at a point six miles west of Battleford.

Over two thousand teams are working at different points scattered over a distance of upwards of three hundred miles. As the several uncompleted sections in this distance are finished the teams and grading outfits will be moved west of Battleford. Malcolm McCrimmon is at present grading at Battleford and will be moving west within a short time.

Great efforts are being made to push construction work with all possible vigor and the season has been very favorable. If the fall remain open the end of the grade will be well within seventy-five miles of Edmonton before the snow flies. This is easily possible if the same progress continues to be made as has already been made this year. A large party is now at work near Bressaylor.

CROPS LOOKING WELL.

Throughout the whole country Mr. Cornwall states that he never saw the crops looking better. They are splendid without an exception. The weather has been ideal and the hay crop is unlimited this year. With the good crops and the railway construction work which will take place near Edmonton next spring, the coming year will doubtless far surpass any previous year in Edmonton's history for progress and advancement.

Forest Fires

Blairmore Times:

The danger from forest fires has not yet entirely passed and this week has been but a repetition of last in that respect. Tuesday the whole of the mountains back of the town on the south, were in flames and the roar of the fire sounded like distant thunder. The people of Coleman had to turn out to fight the fires raging near that place and stopped it before it reached the town or mine, but it was a close call. Twice during the week the eastbound express has been delayed by fires west of us. On Tuesday the No. 1 and No. 2 logging camps of Peter McLaren became a prey to the fiery elements and most of his timber limits in this section are at present on fire at a dozen places. At the Crow's Nest lake the heavy timbered sections have been fire swept and the fires still rage. During the week men from Lille have been out trying to keep the fire from spreading to the thick timber surrounding that place and have so far succeeded. McLaren's manager has been trying to save the limits on the South Fork and has had a force of men out over there. The dry weather still continues and the smoke hangs over the whole pass like a pall, making it difficult to see for any distance. High winds have prevailed and fires are continually breaking out in new places, and unless heavy soon falls, the whole country bids fair to be burnt over. One feature of the present fires has been to drive much game down out of the mountains into the comparatively open valleys and both deer and bear are reported to be numerous in the foothills.

SPORTS

The Regina baseball team defeated the crack Pictou team by a score of 6 to 1. Territorial towns continue to make a good showing in the realm of sports.

Medicine Hat lacrosse team defeated Cranbrook in the former place last week by a score of 4 to 2.

The Fort Saskatchewan baseball team will play in Edmonton Thursday evening. A good game is expected.

The Calgary boys won the game of baseball played with the Regina team. The score was 12 to 5, and this is said to about represent the play of the respective teams. Miller was in the box for Calgary and pitched good ball. He was given fine support, the whole team playing snappy ball. Orr did the twirling for Regina and Bremner caught. A hundred dollar purse was put up by Regina.

Joe. Martin in Court

Vancouver, B. C., Aug. 5.—Accused by Magistrate Williams of obstructing the court proceedings in connection with the trial of Dr. Telford for the murder of Miss Hattie Bowell on whom the doctor is accused of having performed an illegal operation resulting in her death, Joseph Martin, K. C., ex-premier of British Columbia, was yesterday forcibly expelled from the police court room by constables.

Martin was acting counsel for Telford, and demanded from the magistrate the warrant on which McHarg, the principal crown witness, and the person supposed to be responsible for Miss Bowell's condition, had been arrested in Portland.

The law demands that the person swearing out the information should take an oath that the individual wanted is in the province, but it was well known that McHarg was in the states. Martin averred that the information in legal form did not exist and demanded that he be allowed to see it.

The magistrate tried to put him off, but Martin persisted and created a scene whereon the chief of police was instructed to remove him. Accordingly the ex-premier was forcibly expelled from the court.

David McHarg refused to give evidence until he had consulted counsel, so the case was adjourned until tomorrow.

The Hero of the Hour

Quebec, Aug. 5th.—The R.M.S. Bavarian arrived at midnight, after a record run. Among the passengers was Private S. J. Perry. The Free Press correspondent had a short interview with the champion marksman of the British Empire, but he was not disposed to be talkative. In reply to a question he said he had had a magnificent time and received a tremendous ovation from the other competitors. Apparently no victory could have been more popular, and nothing was too good for himself and his fellow-Canadians. Canada's name was everywhere's mouth. He received universal congratulations. Among those who shook hands with him was his royal highness the Princess of Wales, who expressed her satisfaction that the colonials should carry off the coveted honors. Other members of the royal family were equally cordial, and Private O'Connell, the winner in 1902, also congratulated him and assured him of the honor chair and the best place on the Bailey cannon. Lord Strathcona, after the termination of the siege, congratulated him upon his good shooting and expressed the hope that he would land the big prize. After the victory, his comrades in the Canadian team subjected him to what is termed "the champagne side."

Private Perry said he did not find the strain of the big competition a very severe one. When told that the Canadian papers had published many excerpts from the English press on the subject of the winning of the King's prize, he said he hoped they did not publish all false reports given publicly as the result of jokes, such as a story that he was to be married a second time as he got home as a result of the victory. He said he would stop over in Toronto for a few days on his way to the west, as he wished to see his relatives and business.

The hero of the hour was extremely modest in his remarks, and manifested a disinclination to talk. He received a telegram from Col. Oiler, announcing that a demonstration had been arranged in his honor for his arrival at Toronto on Tuesday evening. Col. Oiler, Will, of the 13th regiment, Hampshire, said Private Perry won his honors most modestly. His score of 211 was the best ever put on. The members of the Scotch team carried him round the common on a chair, while the other Canadians with much noise in his hands, flanked by six policemen, formed a bodyguard. Loving bows with the national Scotch beverage were largely in evidence, but the winner hardly appreciated them, as he is a total abstainer.

ALIEN LABOR BILL

WILL BE OPPOSED

In the Senate. Railway Subsidies Agreed to. More Obstruction

Bulletin Special Dispatch.

Ottawa, Aug. 9th.—Resolutions extending the time during which railways may earn subsidies already granted were debated and agreed to. The anti dumping provision of the tariff was taken up yesterday evening. The Opposition are obstructing to get time to frisk several tone of election literature before the House adjourns.

Only eight Opposition members are in the House. Both Leaders have gone home.

The Senate is debating the Militia Bill at length.

It is believed the Alien Labor Bill will be strongly opposed in the Senate. Prorogation will not take place until Wednesday.

MOUNTED POLICE

DISPERSING BANDITS

American Outlaws are at Last being run to Earth by Canadian Law Custodians

Winnipeg, Aug. 9.—Word has reached here from Willowbunch that Edward Shoefelt and Mrs. Lally were committed for trial on a charge of bringing stolen horses into Canada and conspiracy.

This regarded as the first step towards breaking up the systematic cattle stealing and band brigandage which has been going on immediately adjoining the boundary line for years past.

It has been known for some time that American outlaws have been operating on the ranges just north of the Canadian boundary.

When pursued by the Mounted Police they would cross to the American side and their apprehension was thus rendered impossible. Many outrages were perpetrated upon inoffensive settlers, which owing to remoteness, were never heard of. The ranchers were at the mercy of the bandits and a wholesome regard for their stock and even their lives prevented them from lodging information.

A High Tribute

Telegram:

"I cannot express the pleasure I have experienced during my visit to this Western Country and in leaving it my only regret is that I could not remain longer," were the words of Joseph Brunner, President of the Banque Brunner, of Brussels, Belgium as he prepared to board the transcontinental train for the East at the C.P.R. depot last evening on the commencement of his journey back to his European home. "With a number of countries I have traveled 6,000 miles to visit this country and we certainly were not disappointed. I think that the Canadian West has a magnificent future before it and the prosperity is just commencing."

"About fourteen years ago," continued Mr. Brunner, "I purchased C.P.R. stock at 95 and placed it on the European market. To-day it is worth from 125 to 145 and it is therefore no wonder that ever since I have had a good opinion of this country and its future. The party of bankers from the Old Country who accompanied me are among those European capitalists who made fortunes in the handling of real estate in the Argentine Republic, in Brazil and in Egypt, and it has always been my impression that the financial success attained in these places could be repeated in Canada and on a more remunerative scale. I therefore influenced these men to come to this country to look over the field. They have done so and now we are going home to direct some capital to the vast resources of this country. I have just returned from the Edmonton district, where we drove for 200 miles through the country. I am so satisfied with the prospects there that I am going back to tell the people at home of the richness of the country and the excellent opportunities there are for the investment of capital."

Mr. Brunner and his party were conducted through the Edmonton district by W. A. Campbell, of the city. At Edmonton the party was entertained by the mayor and city officials and at Calgary the bankers of the city were the hosts. The party of Europeans who have made this tour are among the most influential capitalists who have ever come to the West and it is likely that through their visit some very large enterprises will be projected in the near future. They represent about a score of other Old Country capitalists whose money is looking for investment here.

CORONOR'S INQUEST

CONTINUED AT FIRE HALL

Very Little new Evidence Unearthed.
Adjourned until Friday

The inquest on the body of the Kuhnert child was continued before Coroner Braithwaite at the Fire Hall yesterday afternoon commencing at two o'clock. The jury were A. McNeill, foreman; Tom Griffin, H. Corrao, Sr., J. C. Hoey, Jas. Ross and Jas. Canally.

The first witness called was Corporal McLeod of the North West Mounted Police who has been working on the case since it was first reported. He had been in Strathcona Sunday morning searching for Mrs. Kuhnert on information supplied the Police by her husband. He had returned in the afternoon and was informed by Chief Dean that the body of a child had been found in the river near the Downing mill. Immediately going to the spot he identified the child from photographs supplied him by Mr. Kuhnert.

E. C. Kuhnert, husband of the missing woman, was then called. He first missed his wife about eight o'clock Sunday morning. He last saw her at seven o'clock Saturday evening when he had come home for tea. He ate his supper and left immediately. While eating supper she had told him she might die soon. He did not take it seriously and told her that that was doubtless the fate of all people. During supper they had had no angry words but he noticed her laugh to be rather careless or suggestive of recklessness. She told him that she would go out in the evening with the child for a walk. He paid no attention to this as she had frequently said and done the same thing. He then returned to his work and got home about one in the morning. He and his wife were occupying separate rooms and he could not swear that she was in her room. He could not swear that the baby carriage was in the kitchen when he came home where it was generally kept. He knew no reason why his wife should leave her home. They had had no quarrel recently. She had told him a month ago that she was not happy and that she loved another. She had afterwards denied saying this to him and then again said that she merely said it to make him jealous. She had never threatened to do away with herself as far as he knew.

At this point Jurymen McNeill questioned him as to his whereabouts on Sunday afternoon. In answer to this Kuhnert said that he had gone across the river in an endeavor to trace the whereabouts of his wife. Unsuccessful in this he returned home and as no one had yet found any traces of his wife he thought he would walk down by the Exhibition grounds.

The next witness called was Mr. G. Claassen, father of the missing woman. He first heard that his daughter was missing about ten o'clock Sunday morning. On hearing it he was suspicious and went down to the river side to make a search. Mrs. Kuhnert had once said that she would put an end to herself and baby. He thought that at times she became very morose and melancholy, that some trouble seemed to be weighing on her, although he did not know definitely of any trouble. He usually saw her every day and it was now some time since she had commented to him strangely. Coroner Braithwaite asked witness if he knew of any other man that had won Mrs. Kuhnert's affections. He could not state anything definite on this point. He understood vaguely that there had been some family quarrels but thought that they had been all smoothed out of late. He thought it probable that if there was a third party in the case that it was German.

It was hard to get a continued story from Mr. Claassen as he seemed overwhelmed with grief.

Mrs. J. C. Johnston, sister of Mrs. Kuhnert, was then called. Mrs. Johnston first heard of her sister's flight about eleven o'clock Sunday morning when Mr. Kuhnert informed her of it. She had seen her sister Saturday evening about eight o'clock. She was wheeling her baby in its carriage going north on McDougall street from Jasper avenue. As she was passing her (Mrs. Johnston's) house she went to the window and called to her. Mrs. Kuhnert appeared melancholy and suggested that she thought it would be wise to drown herself and child. Mrs. Johnston paid little attention to this as she knew her sister to talk in this way before. She knew of no direct trouble between Mr. and Mrs. Kuhnert although they might have disagreed at times. The missing woman left no message with her. While talking to her Saturday evening the missing woman told her that she was unhappy but volunteered no reasons.

Edward Saugres, the half breed who found the baby carriage was next called. At about six o'clock on Sunday morning he testified that he had left his tent near the river and went down for a pail of water. He noticed the baby carriage which appeared to be an old one as one side of it was broken. Taking it back to his tent he proceeded to mend it. It was at his tent until Chief Dean got it. This closed the hearing for yesterday and the inquest was declared adjourned until Friday afternoon next at 2 o'clock.

This extremely sad case has cast a gloom over the entire community as all those concerned are well known in the city.

Mrs. Kuhnert was only about twenty years old and has been married for about three years. The baby boy was just two years old. E. C. Kuhnert has been conducting a confectionery business two blocks west of the Queen's Hotel.

The river is being dragged continually but up to going to press no trace of the missing woman has been discovered.

A Call to Arms

The Ponoka Herald speaks as follows regarding political matters in the Strathcona constituency:

"It's on every tongue, we hear it at the breakfast table, it is talked of in the store, the busybodies at the street corners proclaim it at hand, and yet we venture to ask, what is the Liberal party doing in our neighborhood by way of preparation for the struggle. To all appearance the Conservative party are determined to make a bold bid for office throughout the Dominion and nowhere will the fight be keener than in the Northwest Territories.

"We would ask what is being done by the different committees. Are they taking note and realizing how much depends upon their individual exertions, for in a district like ours where there are so many who will record their votes for the first time, a great deal of energy has to be put forth in order to lay before them not only the facts of the government's past performances, but the great advantages that are sure to accrue from their being returned for another period to power.

"There is a deal of misrepresentation to be combatted. Impossible schemes are being dangled before the eyes of the electorate, and the object of the amount of literature which has already been circulated throughout the constituency is only too apparent. However, with such a level headed and straight dealing champion as Mr. Talbot at their head the Liberals in the Strathcona constituency ought to be more than nerved and only too anxious for the fray. With such a record as the government has to lay before the country, and also their pledges to bring in beneficial legislation for the Territories, with the great record the government can show

financially and the enormous prosperity and development which has taken place throughout the length and breadth of the land under their wise management, the verdict of the country can be looked forward to with confidence. In the matter of preferential tariff granted to Great Britain, treatment which has been the means of stirring up those great ideals of granting not only to Canada, but to all our sister states—called Greater Britain, preferential treatment in the British markets, surely the task is easy, and we call upon every Liberal in our midst to put his hand to the plough, to grasp the banner of progress and reform and carry it aloft to victory."

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.
(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry

under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of "go on and occupy" of the Act may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must "possess" the land for six months prior to the issue of his patent, and have besides 30 acres substantial.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.
N.B.—In addition to Free Grant lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

LIMITED

LONDON, PARIS, NEW YORK AND EDMONTON

LOCAL

—City holiday, August 23rd.

—The season for duck shooting commences Tuesday, August 23rd.

—The regular meeting of the Edmonton city council will be held this evening.

—Yesterday's rain, though not heavy was very beneficial. It seems to have been general throughout the district and is greatly appreciated.

—The corner stone of the new Presbyterian church in Calgary was laid on Friday evening. The church is being erected at a cost of \$40,000.

—Dr. Telford of the Burrard Sanatorium has been committed for manslaughter for performing an unlawful operation on Miss Howell, from the effects of which she died.

—The regular meeting of the Women's Christian Temperance Union will be held in the lecture room of the Methodist church on Wednesday afternoon next at 3.30 o'clock.

—A sidewalk is being constructed along the east side of Third street south from Jasper avenue to connect with the new sidewalk recently built down the hill on Third street.

—The Columbia Comedy company, under the management of Mr. Walter Clark, will appear in the Thistle rink theatre this evening. The Apollo orchestra will assist in the program.

—Tomorrow afternoon will be observed as a holiday by the merchants of Edmonton to permit them and their employees to attend the Strathcona fair.

—The E. Y. & P. will run a special train to Strathcona for the benefit of fair goers. It will leave Edmonton at 1.30 p.m. and returning leave Strathcona at 6.00 p.m.

—The commercial department of Alberta College will open on Sept. 1st. The arts lectures will begin on Oct. 1st. The new college building on First street is expected to be ready early in October.

—Russian people of the Orthodox faith are waiting for the visit of the Right Reverend Bishop Gihon, the head of the Russian Orthodox Church in North America, who will arrive here about the 14th day of August for consecrating five newly constructed churches in the Russian settlements in Northern Alberta.

—Free Press: Rails for a distance of 60 miles have been laid on the main line of the C.N.R. from Kamack. The work is progressing rather slowly at present owing to the wet condition of the country where the tracklayers are at present located.

—Herald: Ten cars of raw silk passed through Calgary last night en route for the east. This cargo was direct from the Orient and valued at \$900,000 or \$90,000 a car. The train ran as a special, and went through ahead of the limited.

—Leduc and Strathcona lacrosse teams play in Strathcona this evening. A couple of the Edmonton team will make up the full number for Leduc. A splendid game is expected. A large number of Edmonton lacrosse sports intend taking in the game.

—The store on Jasper avenue east formerly occupied by the Morinville Milling Company is being refitted. It will be occupied by C. E. McManus, dealer in boots and shoes. The Morinville Milling Company's offices will be in the Great West Implement Company's new building.

—Peter Louit, Fort Chippewyan, has sold his furs to Revillon Freres. His stock was as follows: 1133 muskrats, 15 skunks, 446 mink, 175 beaver, 108 lynx, 34 otter, 13 bear, 10 wolverine, 21 white foxes, 35 cross foxes, 70 red foxes, 2 fisher, 530 martens, 1 wolf, 8 silver foxes, 9 1-2 pounds castor.

—Shoe and Leather Journal. Mr. S. Mullett, formerly of Searforth, but more recently of Edmonton, N.W.T., has purchased an interest in the Williams Shoe Company, of Brampton, and on June 1st assumed the position of secretary. Mr. Mullett was prominent in the hardware business in Searforth and also in the West. His knowledge of the requirements of the western trade should form a valuable asset to the Williams Shoe Company, as they are catering to the needs of that particular class of trade.

—Medicine Hat News: Tuesday morning Mrs. James Horner, wife of Roadmaster Horner, had a very bad experience, one which few of us would care to undergo. While walking in the potato field she was struck on the leg by a rattlesnake. She killed the snake with a hoe. She went to the house immediately, where the poison was sucked from the puncture and home remedies applied, and Dr. Smith was telephoned for. Bad reports

were circulated through the town, but in the afternoon it was reported that Mrs. Horner was recovering from the effects of the deadly poison, which made her very sick. The snake by which she was bitten was a small one. This is the season of the year when the rattlesnake is blind and is sloughing his skin. It is several years since a similar occurrence in this district has happened. Medicine Hat people will be glad to know that the bite did not prove fatal, and that Mrs. Horner is recovering.
